## The View from My Window

with Pastor Joel

You can now watch TV on your phone or computer or for some people, your wristwatch! Otherwise, you will view your shows on your 50+ inch widescreen television. We're going micro at the same time we're going macro! We watch smaller & larger screens than ever before. Doesn't that just blow your mind?

Paul begins his epistle to the Ephesians by pointing out two very different views. The 1<sup>st</sup> is the trouble these people were having surviving the persecution being leveled at them from the unbelievers around them. The other is what they were soon to inherit from God. The prize is worth the price; the eternal glory about to be revealed was much more valuable than the pain they experienced for the moment.

When you're suffering you need to step back and get a good look at the big picture. Soon and very soon, we are going to see the King. No more crying there...
