### **Giving Opportunity**

Lucas & Mandi Geiman are planning a very critical trip to Boston June 15-23 in order to go to the Pitt Hopkins Clinic to get help for their two daughters, Blyleigh & Belle, who are both diagnosed with Pitt Hopkins Like 1 Syndrome. Because of this syndrome being so rare (a total of 32 cases recorded around the world), they are in need of seeing medical professionals who specialize in Pitt Hopkins Syndrome. There are a lot of costs involved in making this trip and we are inviting the New Life Family to be a part of relieving some of the financial burden for the Geiman's as they make this trip. From April 14-28 you can give towards this trip and Stephen's Legacy has committed to match the money raised during that time frame, up to \$1000. You can make checks out to NLA & in the memo line write: Geiman Family, and drop checks in the offering. If you'd like to give cash, there are envelopes on the shelves in the back of the Sanctuary. On the line marked "other" specify with "Geiman Family."

## The View from My Window

With Paies stor Joel

Every time I go to the airport, I stand in awe of the reality that those huge airliners can actually fly through the air. Empty, a 747 weighs 201.5 tons; fully loaded, up to 437.5 tons. I know what the eggheads tell us about wing shape, lift & thrust but I'm not sure they really know what they're talking about. 201.5 tons of steel carrying 236 tons of cargo, passengers & snacks screams down the runway then jumps up into the sky. If it can fly, why can't I (I mean without an airplane)?

I have a lot more faith in God than I do Boeing. Yet, I've strapped myself into a seat on several of those behemoths & trusted that it was going to catapult me across the country. Isn't it time we really strap ourselves into following the Lord? What are you waiting for? Obey what He says about finances, how to treat your enemies, what to value, how to use your mind...
